

A Vision for MSUS

Drawing on shared values of Mindful Interdependence, Authentic Curiosity and Courageous Love, we commit ourselves to living out our mission and transforming ourselves and the world, using our resources to create and enliven the community we envision. This work is guided by our Ends Statements.

Mission

The mission of the MSUS community of all ages is to celebrate an actively examined faith, challenging one another with loving kindness to be our best selves and work for a flourishing world.

Ends

These Ends Statements hold us accountable for acting in alignment with our values and mission while allowing us to be flexible and responsive to the needs of the moment.

In our MSUS community, across all ages, we:

Ground ourselves in ritual and practice that develop lives of meaning and purpose.

Create a loving community of intentional care and support for one another.

Practice generosity that nourishes our spirits.

Build authentic connections across lines of difference; and provide radical hospitality for all.

Articulate and explore our Unitarian Universalist faith identity as an intergenerational community learning as we live it together in the world

Discern our individual and collective work for justice and pursue that work with courage.

Act as a trusted and committed partner
with organizations that bring more love and justice to the world.

Cultivate our covenanted relationships with the larger Unitarian Universalist faith movement.

Extend a visible invitation to spiritual seekers in our broader community.
